

Paia Relief Route Project

Paia, Island of Maui, Hawaii

HDOT Project No. STP-036-1(11)

Pā'ia Relief Route Public Meeting No 1.

October 22, 2008

Pā'ia Community Center

5:30 pm – 8:00 pm

5:30 PM OPEN HOUSE

6:00 PM PROGRAM

Purpose of the Meeting

The first purpose of this meeting is to provide information about the Pā'ia Relief Route project and the schedule for conducting the environmental review of possible alternative routings. Project planning will use a Context Sensitive Solutions process, which means that community members come together early with Hawai'i Department of Transportation (HDOT) engineers and planners to find ways for the project to best fit the community. As part of the Context Sensitive Solutions process, a Pā'ia Relief Route Advisory Group (PRAG) will be formed. Therefore, the second purpose of the meeting is to explain the process for application to the PRAG, its duties and functions.
